Incorrect Guess

Backend Tests

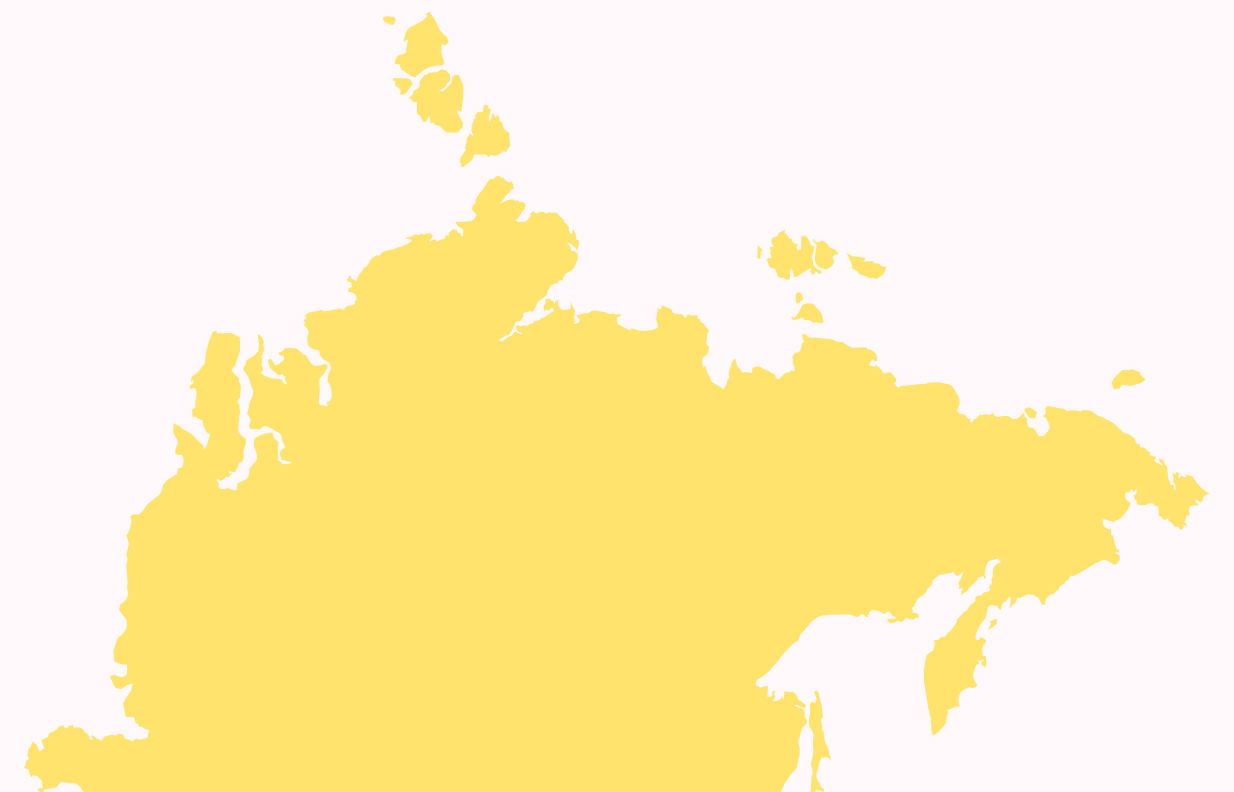

- Unit Tests
- Integrationstests
 - Test Postgres-Container
 - flag_cache.load Mock
 - Security: XXS, SQL-Injection, Password + Username, JWT, Session ID
- Architekturtests:
 - pytestarch
 - Services importieren DB, Routers nicht
 - DB importiert Router nicht, Router keine DB

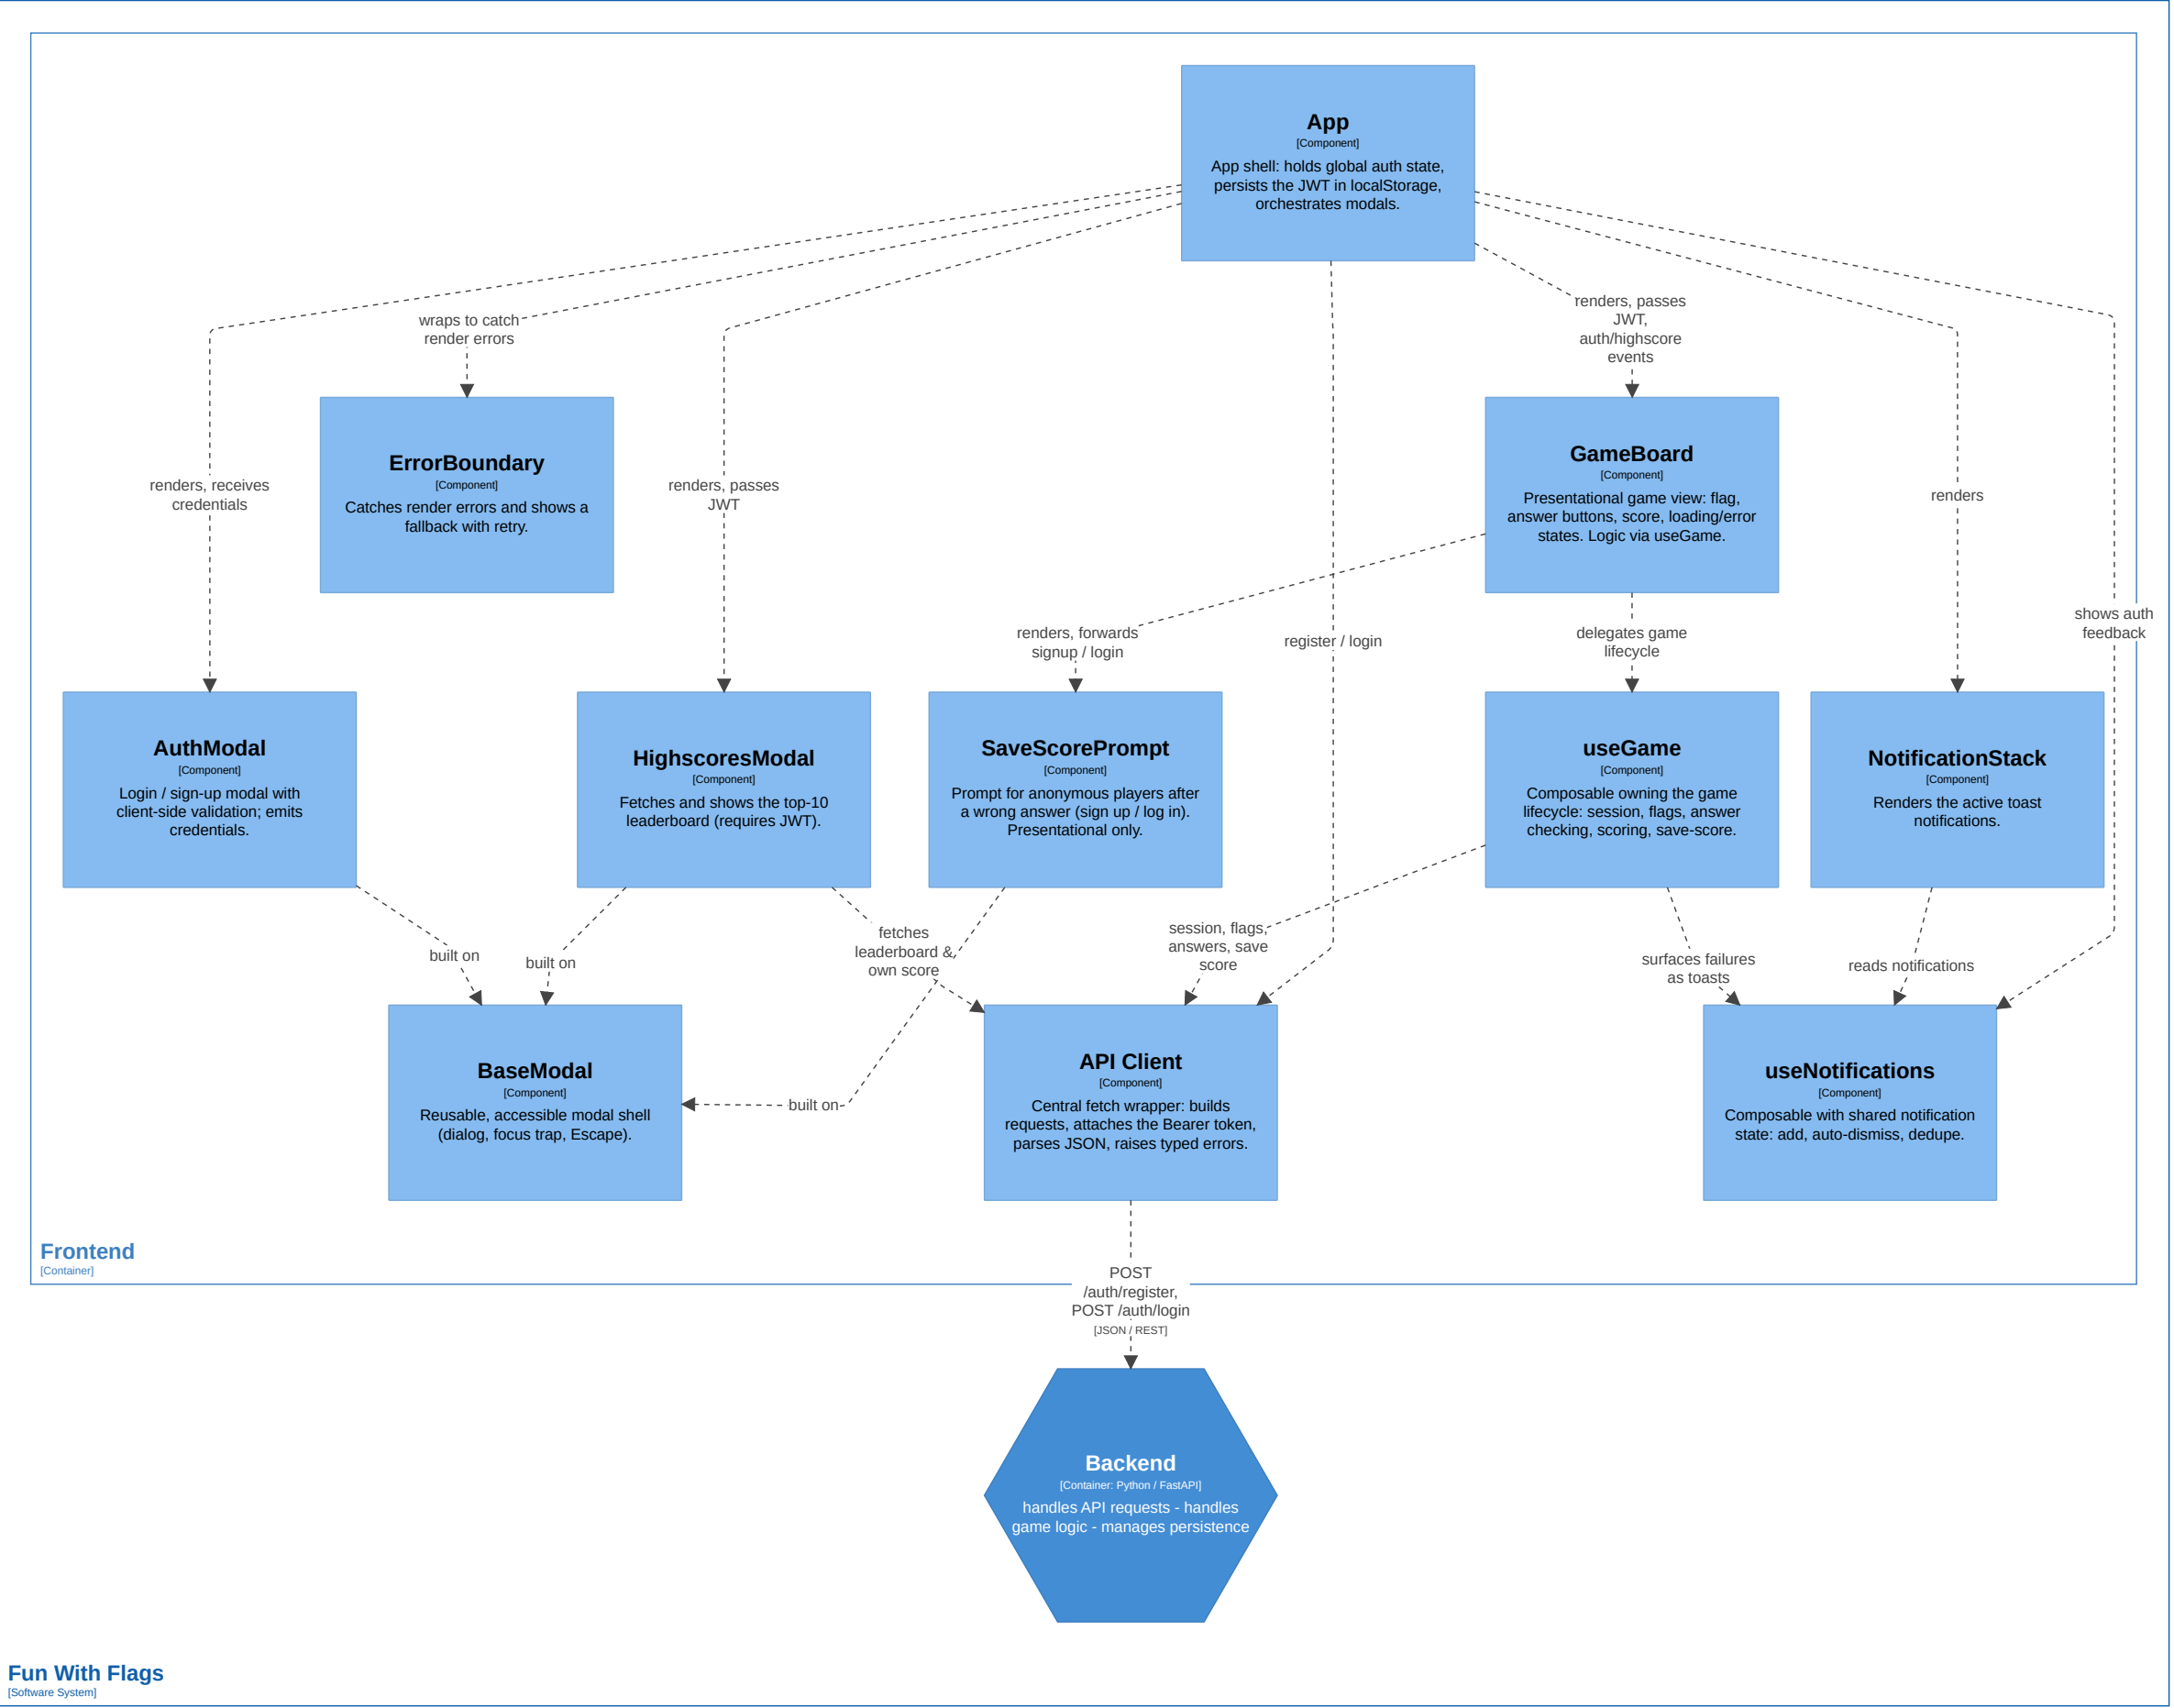

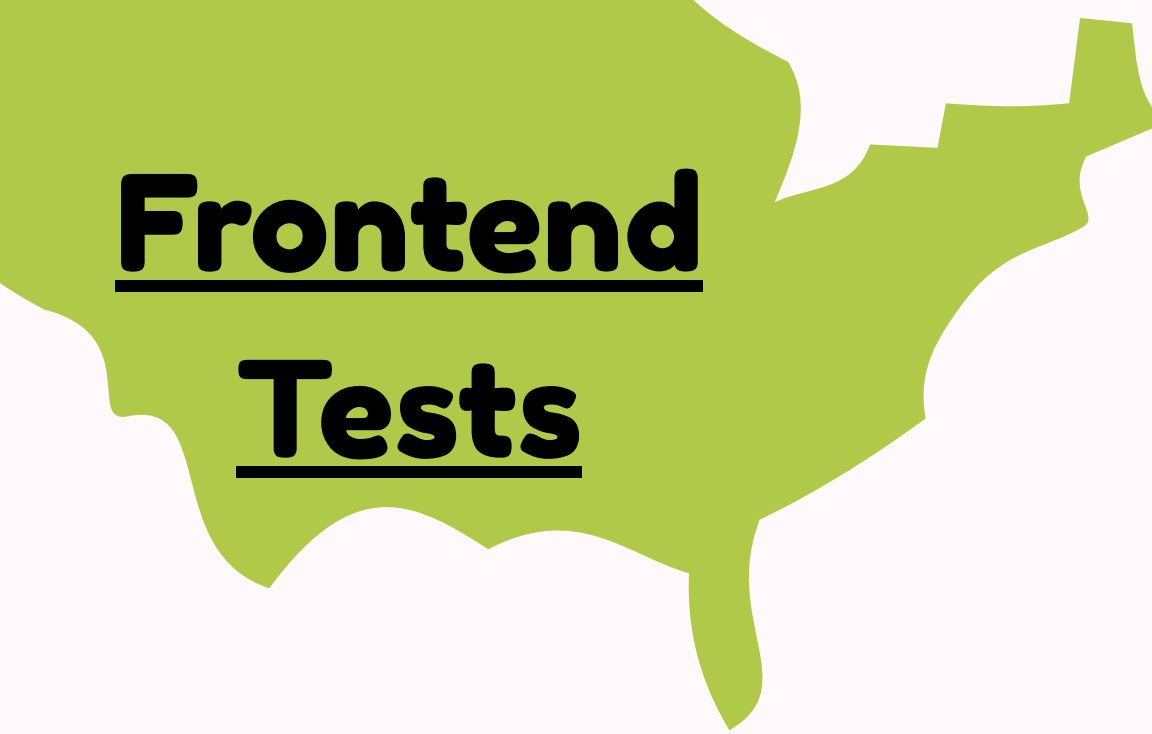

Frontend

- Vue.js + TypeScript
- Vite Dev + Build Tools
- nginx + docker
- Headless

Frontend Tests

- Unit/Component/Integration Tests
 - API mock (fetchMock)
- E2E Tests mit Playwright
 - Game/Auth/Smoke
